

# Website Deliverable 01

## Proposal

### Nature of site:

Forever Home is a non-profit organization that specializes in pairing humans with non-human companions. We believe that life is better lived when you have a furry, or non-furry friend to take on walks, greet you when you get home, and give you all the love your family never did.

Services Offered: adoption, foster care, animal surrender, dog training, volunteer, food bank,

### Target Audience:

Our audience is humans who are interested in providing a home for an available animal, or animals. Whether it be short term through fostering, or forever, through adoption. If someone is unable to provide either of those services, we also love having people volunteer with us to keep Forever Home a safe and welcoming environment for both humans and animals alike.

### Services/items offered:

Adoption pages – each animal will be represented with at least one picture and a bio

Training – dog training site for new and existing dog owners, with schedule

Volunteer Opportunities – Much of the work done at the adoption center is provided by volunteers. A page with types of volunteer opportunities and a schedule will be listed.

Food bank – Forever Home accepts food donations for dogs and cats.

### Planned Pages:

- Index.htm
- About.html
- Foster.html
- Surrender.html
- Training.html
- Volunteer.html
- Foodbank.html
